Subject: Ring presentation

Greetings,

Jasper has lined up a presentation on the Ring doorbell and security camera law enforcement portal. The presentation will be at 1000 hours on Monday December 10th. I would like to have at least one person from each work group attend this presentation so that people are aware of the availability of video evidence in many neighborhoods. I don't anticipate the presentation lasting longer than 1 hour. It can be yourself or anyone from your unit.
